

BRIDGE TO SOLACE

SPEECHLESS I LAY DOWN MY HEAD, SHAKING FROM THIS FEELING OF EMPTINESS. EVERY FUCKING TIME I TRY TO CREATE DEFINITIONS OF WHAT MY MISSIONS ARE AND WHY ARE WE BROUGHT TO THIS WORLD WHEN THE END RESULT IS TOTALLY FUCKED. I CHUKE FOR A SECOND AND TEARS FLOW LIKE BLEEDING RIVERS FROM MY EYES, DOWN MY CHEEK, ENDING WHERE ONCE I WILL LAY. I CAN NEVER FIND WORDS TO EXPRESS THAT HOW I FEEL BEING TOTALLY HELPLESS, AND ALONE WITH THIS, BUT I JUST CAN NEVER STOP WORRYING ABOUT THIS, EVEN IF I END UP, AND BECOME FUCKING NOTHING.

BRIDGE TO SOLACE was founded back in 2000, where the string and rhythm section got together to play what they like the most: fast hardcore punk music with as many melodic guitars as possible. All the members have been busy in the past years of the Budapest hardcore punk scene with both disbanded and still-existing groups, especially the now defunct **NEWBORN** drummer Adam, who has been a perpetual mobile in the Hungarian hardcore music community, basically playing all the instruments available. Even if the band is approximately 3 years old now, they never succeeded in finding a vocalist (earlier Adam sang, Tamas played guitars, and some drummers were tested) up until the original line-up of Newborn decided to part ways and go into different musical directions. They figured that the quickly unemployed Zoli might be a good solution to handle the vocal duties.

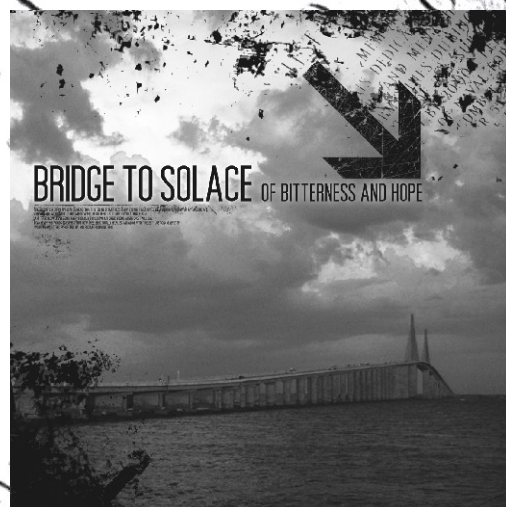

BRIDGE TO SOLACE play a perfect mixture of fast paced hardcore and heartbreaking melodies, with cynical and heavily political lyrics, that are at the same time deeply personal outlook on today's world.

Their debut full length record on **LET IT BURN RECORDS** was released August 15th, 2003. The 10 songs also include exclusive spoken word performance by **Greg Bennick**, former singer of **TRIAL**.

BRIDGE TO SOLACE toured Europe in September / October together with **RAZOR CRUSADE** (Holland, Reflections Records) and **PAINT THE TOWN RED** (Munich, Join the Teamplayer Records) and with **WALLS OF JERICHO** (USA, Trustkill Records) in November 2003.

The band has played an endless number of single shows in Europe in 2004, including support for **CRADLE OF FILTH** and various big metal and hardcore festivals.

The band is currently writing songs for their upcoming MCD *kingdom of the dead* and their split CD with **A18** (Victory Records), both being released through **LET IT BURN RECORDS**.
