

LET IT BURN RECORDS

LET IT BURN RECORDS was kicked off in 2000 by two friends and band mates, Daniel and Chris. Their motivation was to release and promote ass-kicking hardcore records and to support hard-working bands who have got something to say. With FEAR MY THOUGHTS top selling debut CD "23" in 2001 and its follow up "vitriol" CD / LP in 2002, LET IT BURN RECORDS quickly stepped towards professionalism and a new serious and promising European record label had made an appearance.

With the signing of quality hardcore acts such as BRIDGE TO SOLACE, KERSEY, UNDER SIEGE, A TRAITOR LIKE JUDAS, DARK DAY DUNGEON, THE CRIMSON DIVINE or AWOKEN, LET IT BURN RECORDS established a roster of dedicated and constantly touring bands. But also licensing amazing releases by SAVING THROW, SCARS OF TOMORROW, PREMONITIONS OF WAR and ARMA ANGELUS from US labels to the European market, caused LET IT BURN RECORDS to become known as one of the fastest growing and most promising new record labels.

In 2003 LET IT BURN RECORDS teamed up with ON FIRE PROMOTION, who since then are taking care of their European promotion and its artists, which immediately emerged as a fertile collaboration.

In times when "business-only" is more and more inheriting the hardcore scene, LET IT BURN RECORDS is still regarding its team and bands as one big family in which friendship and trust create a "win-win" situation on both, the bands' and the label's side. On that condition the label grows and expands with every record released.
